

## **Nebraska Abstinence Education Program**

### **Request for Proposals**

#### **DHHS Answers to Applicant Questions**

**Date This Document Last Updated: May 2, 2011**

**For Questions Received Through: 8:00 A.M.**

<b>Question</b>	<b>Answer</b>
<b>1.</b> Would we, as the Nebraska XYZ Coalition need to apply and then contract out with the program as sub grantees or how would that work?	1. If a coalition is applying as lead agency, having met the requirement for public or private non-profit, then as such could disburse the awarded funds out to coalition members/partners via contracts with each. As the awarded lead agency XYZ Coalition is the sub grantee of the state and their partners become contractors of the sub grantee.  See page 8 of the RFP under Eligible Applicants.
<b>2.</b> Is the state mileage rate that we are to use \$.51? Will there be any state training for the curriculum?	2. The state mileage rate is \$.51 which follows the rate set at the federal level (IRS). Mileage rates in applicant budgets should not exceed \$.51. The state will not be conducting any curriculum training events during the state's Project Year 1 (July 1, 2011 – September 30, 2012). Curriculum training opportunities during state Project Years 2-4 will be dependent on availability of funds and need.
<b>3.</b> On page 13 of the RFP under section C. Proposal Submission Requirements it states "one (1) signed original and four (2) copies". Can you please clarify if you are requesting four or two copies?	3. The correct number of copies to be submitted is four (4).
